For the preparation of the semi-annual abbreviated consolidated financial statements in compliance with the International Financial Reporting Standards approved by the European Union concerning interim reporting (IAS 34) the Management Board of the Parent Company is held responsible. Our task was to present a report on these semi-annual abbreviated consolidated financial statements on the basis of the conducted audit.

The audit was carried out in accordance with the provisions of the National Financial Auditing Standards issued by the National Council of Statutory Accountants in Poland. These standards require that we plan and perform the audit in such a way to obtain a moderate certainty that the semi-annual abbreviated consolidated financial statements do not contain substantive irregularities. We conducted the audit mainly through applying data analysis of the consolidated financial statements, review of consolidation documents, as well as with the use of information obtained from the management and staff responsible for finance and accounting of the Group.

The scope and method of audit of the semi-annual abbreviated consolidated financial statements significantly differs from the scope of audit being grounds the issue an opinion on compliance of the consolidated financial statements with required to be applied rules (policy) of accounting, and on its reliability and clarity, that is why we cannot issue such an opinion on the attached statements.
